

A Study on Bicyclists' Perceptions towards Bicycle Helmet Usage

This study aims to understand bicyclists' perceptions towards the cycling culture, helmet usage, and bike sharing services in general, in the respective country of residences.

This is a study that will take 5 to 10 minutes to complete. There are 5 main sections covered:

1. Basic Information
2. Your Experience in Cycling
3. Bike-sharing Experience
4. Scenarios
5. End of the Survey

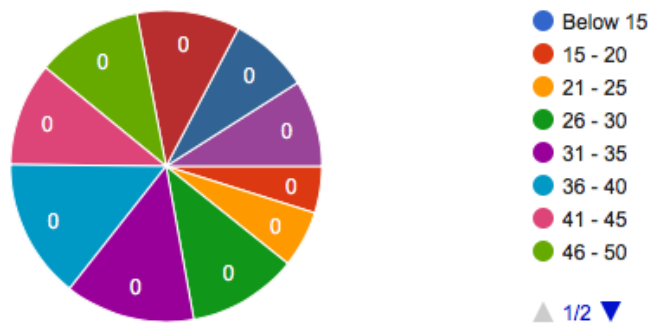

The survey has been created by summer school students at the University of Geneva and they can be contacted through the email below:
